PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

THE Minister of the Interior submits that, by the Order in Council of the 10th March, 1901, amended by the Order in Council of the 20th April, 1905, the Hon. Hewitt Bostock was permitted to purchase, in connection with his leasehold, the following lands at \$2 per acre, the Homestead In-

The Minister further states that, as certain additional lands are now essential for the completion of the area Senator Bostock requires in connection with his ranching operations, he has made application that they be sold to him at the same rate as the parcels above mentioned.

The Minister is of opinion that this application should be favourably considered and he, therefore, recommends that the additional lands applied for, which are vacant and available for the purpose and are as follows, be sold to Senator Bostock at the rate of \$2 per acre:—

Township 19, Range 15, West of the Sixth Meridian.

Part of N.E. $\frac{1}{4}$ of Section 26...11.20 acres.Part of N.W. $\frac{1}{4}$ of Section 26...54.02 acres.

THORNTON FELL,

no26 Clerk of the Legislative Assembly.

PRIVATE BILLS.

EXCERPT FROM RULES AND ORDERS RELATING TO PRIVATE BILLS.

RULE 59.

ALL APPLICATIONS for Private Bills, properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of the "British North America Act, 1867," whether for the erection of a Bridge, the making of a Railway, Tramway, Turnpike Road, or Telegraph or Telephone Line; the construction or improvement of a Harbour, Canal, Lock, Dam, Slide, or other like work; the granting of a right of Ferry; the incorporation of any particular trade or calling, or of any Joint Stock Company; or otherwise for granting to any individual or individuals any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which in its operation would affect the rights or property of other parties, or relate to any particular class of the community, or for making any amendment of a like nature to any former Act,—shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such notice to be published as follows:—

In the BRITISH COLUMBIA GAZETTE, and in one newspaper published in the District affected, or if there be no newspaper published therein, then in a newspaper in the next nearest District in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition, and copies of such notice shall be sent by the parties inserting such notice to the Clerk of the House, to be filed amongst the records of the Committee on Standing Orders.

57. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committee charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, together with the notices published. At the time

of depositing the Bill, the applicant shall also pay to the Clerk of the House a sum of three hundred dollars. If a copy of the Bill, Petition and notices shall not have been so deposited in the hands of the Clerk of the House at least eight days before the opening of the Session, and if the Petition has not been presented within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees paid shall be returned.

60. Before any Petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Rule 59, also at the same time and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

61. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills:—Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be re-cast by the promoters and re-printed at their expense before any Committee passes upon the clauses.

65. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring $10\frac{3}{4}$ inches by $7\frac{1}{2}$ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Two hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By new Rule 65A, passed on the 2nd April, 1901, (see Journals, 1901, page 58), a model form of Railway Bill is adopted.

By 65B all Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

Any exceptional provisions that it may be proposed to insert in any such Bill shall be clearly specified in the notice of application for the same.

Dated 5th November, 1901.

The erection of a hydraulic earth-filled dam, about 650 feet in length, with a crest width of about 20 feet and a thickness at the base of about 430 feet at the upper end of the main upper channel; the dam to be of a sufficient height to raise the water level of Coquitlam Lake by about 60 feet; a spillway channel to be made about 150 feet wide, 12 feet deep, to carry away surplus water:

And all such necessary and incidental works that may be necessary to fully and effectually carry out and complete the aforesaid further undertaking:

It is intended to instal a 24-inch concrete pipe extending from the up-stream toe of the dam up into the lake for a distance to be agreed upon with the City of New Westminster, and to erect a tower for the gates and screens at the toe of the dam, and from this toe to carry a 24-inch cast-iron pipe, surrounded with concrete in a deep trench underneath the dam, to a connection with the present pipe to New Westminster:

The estimated cost of the undertaking is about \$200,000:

The Power Company will have duly subscribed before it commences the constructions of the said further undertaking and works, or exercises any of the powers in that behalf conferred by the "Water Clauses Consolidation Act, 1897," Part IV., one thousand (1,000) shares of one dollar (\$1) each, and the further amount of capital required to fully complete the said undertaking will be provided by a loan of one hundred and ninety-nine thousand dollars (\$199,000), to be made by the British Columbia Electric Railway Company, Limited, to the Power Company, to be secured by mortgage bonds of the Power Company, in sterling or decimal currency, carrying interest or by such other form of security as may be agreed upon between the said parties:

The time within which the said further capital of one thousand dollars (\$1,000) is to be subscribed is two months from the date of obtaining a Certificate of Approval of the undertaking and works:

The said undertaking and works are to be commenced before the expiration of three months from the date of obtaining a Certificate of Approval to the same, and the said works shall be in operation within two years from date of commencement of the same:
